Sail Away

Design courtesy of Bisque Imports

Come sail away with this nautical take on the classic salt and pepper shaker!

MATERIALS

2917 Sailboat Salt and Pepper Shaker
CN122-8 Bright Nautical
CN151-8 Light Blue Spruce
CN281-8 Light Brown
CN510-8 Earthen Moss
Royal Aqualon Wisp Brush

SUPPLIES

Assorted Royal Aqualon Brushes
Detail Brush
⅛" Painter's Tape
Pencil
Water

INSTRUCTIONS

1. Lightly wipe ware with a damp sponge to prepare surface for painting.

2. Paint the bottom base with 3 coats of Light Brown.

3. While the final coat of Light Brown is still somewhat wet, using a Royal Aqualon Wisp Brush, paint in quick strokes a single coat of Earthen Moss on the base. Let dry.

4. Make stripes, using ⅛" painter's tape, on the sides of the smaller shaker. Paint the area remaining using Light Blue Spruce. Once dry, remove the painter's tape.

5. On the smaller shaker, paint a small star near the bottom of the sail using Bright Nautical.

6. On the large shaker, using a pencil, sketch out 6 small triangles along the edge of the sail. Alternating between Light Blue Spruce and Bright Nautical, paint differently-sized stripes within each triangle shape. Using a detail brush, paint an Earthen Moss line connecting the triangles.

7. Using a detail brush and Earthen Moss, paint small spaced-out lines bordering each surface of the shakers.

8. Dip in Pure Brilliance and fire to Cone 06.
