

PRO LECTRO[®]

EPIlator

A powerful solution to unwanted lashes

The ideal tool for epilation

Key Benefits

Permanent Solution

Electrolysis removes irritating lashes permanently

Useful for patients with Trichiasis or Distichiasis

Convenient and lightweight

Battery operated, handheld case with ergonomic aluminum handpiece

Reliable Power

Digital readout provides precise control over power levels

Eligible for Reimbursement

Most insurance carriers should provide reimbursement under CPT Code 67825 for Epilation

Avoid possible corneal abrasions: The Pro-Lectro Epilator offers permanent removal of irritating lashes

Pro-Lectro Epilator includes:

- Aluminum handpiece
- Digital epilator
- 12 single-use stainless steel micro-stylets
- 12 single-use solid gel electrodes
- Electrode connector cable
- Instructions for use
- Plastic carrying case
- Two 9V batteries to power the unit

Item #98880

PRO LECTRO[®]

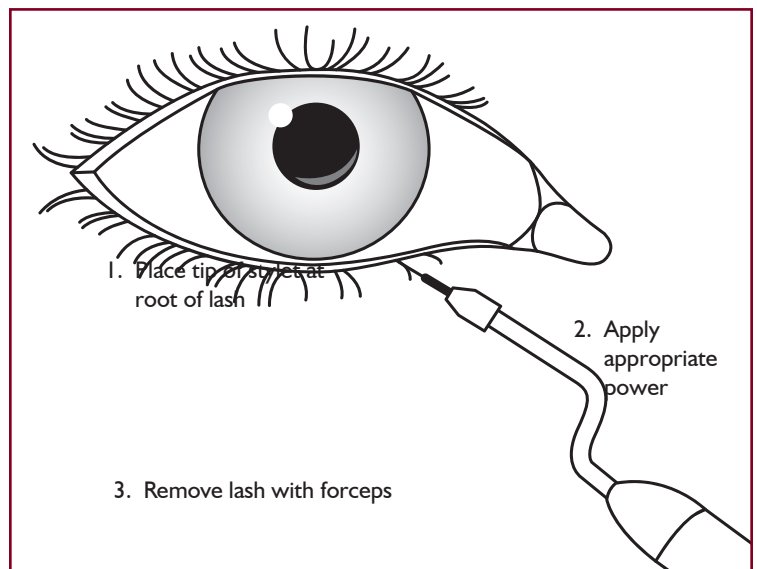

EPILATOR

**Unwanted lashes and hairs
have met their match**

Lightweight, ergonomic
handpiece and single use
stylet conduct current
to remove lashes

Item #	Description	Quantity
System		
98880	Pro-Lectro Epilator, with carrying case	each
