Stainless Steel Light Guard

Part No.	Description	List
FOR132200 Stainless Steel Chafe Guard	65.95

Dr. LED Bulb

The best replacement for conventional bayonet indexed light bulbs used in marine navigation lights. The first LEDs to receive USCG approval, the Polar Star series has built-in patent-pending circuitry to maintain constant 2 nautical mile visibility brightness. Operates on an input voltage range of 10VDC to 30VDC, and draws only 0.09 Amps.

Part No.	Description	Price
DLED8001757	..LED Replacement Bulb. Fits AQ Series 40, 41, 42, 50 & 55	49.99

Electric Wire

Made from finely stranded tinned copper for excellent corrosion resistance in a marine environment, and PVC coated for the best resistance to moisture and abrasion. Conforms to SAE specifications J1128 and J378. Intended for applications of 50v or less. Sold by the foot.

Part No.	Description	Price/Ft.
WE14/214 Gauge Tinned Copper Electrical Wire, Duplex	0.67
WE14/314 Gauge Tinned Copper Electrical Wire, Triplex	0.96
WER16/216 Gauge Tinned Copper Electrical Wire, Duplex, Round	1.39
WER16/316 Gauge Tinned Copper Electrical Wire, Triplex, Round.....	2.42

VHF Antenna & Components

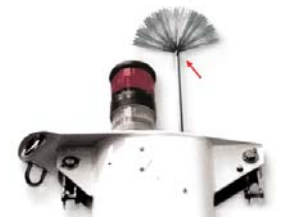

Part No.	Description	Price
VHFA Metz VHF Antenna with Bracket.....	95.42
COAXRG8X Coax, Low Loss Cable, Tinned with Braid Shielding	1.56
COAXLRG324U Large Coax (RG8U) Cable.....	2.15
PL259Coax Cable Plug - Male.....	10.18
PL258Jack-to-Jack PL259 Coupler	6.88
PL259ARG8X Cable Adapter for PL259.....	3.17
PL259ASPL259 Insert for RG58 (Small)	2.60
PL259-CPShakes, Crimp style RG8X/58AU	30.04

Forespar Lightning™ Master Static Dissipator

Lowers the exposure to a direct lightning strike by controlling the conditions which trigger direct strike (i.e. they reduce the build-up of static ground charge and retard the formation of the ion "streamers" which complete the path for a lightning strike).

Lightweight (5.2 oz.) 21" long Dissipator mounts to the masthead and extends vertically above all other masthead equipment. Not 100% effective in preventing a lightning strike. See Forespar.com for more information.

DAVIS

Sport Boat Carbon Wind Vane

Bring your sailing experience to a new level. Davis Instruments new Blacksmith Wind Vanes are made from super lightweight 3D carbon fiber and duraluminum to withstand the rigors of hard racing.

Part No.	Description	Price
DAV3186	Sport Boat Carbon Wind Vane, boats up to 28' ...	59.99

Windblown Mastboot

Flexible rubber with aggressive adhesive backing, UV stable and durable. 5" wide and 1/10 of an inch thick. Tape is applied from the bottom up in a shingle like manner. Once in place it forms a one-piece custom fitted boot. When it's time for removal, just slit the boot with a knife or razor and peel it away.

Part No.	Description	Price
MAST40	Designed to fit boats up to 40'	40.00
MAST60	Designed to fit boats up to 60'	50.00

*Boat lengths are a general guide. If you have an unusually large mast please contact us for recommendations.

Shroud Cleats

Non-corrosive stainless steel construction, compatible with stainless steel rigging. Easily attached to 5/32" through 3/8" diameter wire or rod. Ideal for flag halyards with an eye for attaching a snap shackle.

Part No.	Price
J40-518	21.25

Folding Mast Steps

Polished, clear anodized cast #356 T-6 aluminum. Step has 5" tread width; when closed, extends 1-1/2" from mast. Includes nylon adjusting screw to eliminate rattle when in the closed position.

Part No.	Price
SD328030	Price for 24 steps or less 32.95 each

*Discount available for 25 steps or more.

Spartite®

The Spartite® Mast Wedge Replacement System kit is the perfect solution to secure and seal a mast at deck level. Spartite® helps keep the mast up and the water out! Spartite® is a pre-measured two-part polymer poured into the cavity between the mast and the partners while the mast is in the boat. Comes with complete instructions and materials to build a simple mold out of even the most complex partners or mast collar. Spartite® makes a one-piece perfect fitting mast chock that replaces archaic wedges.

Part No.	Description	Price
SPARTS	Small Spartite® Kit for boats up to 40'	167.12
SPARTL	Large Spartite® Kit for boats over 40'	258.13

*Lengths are a general guide. If you have an unstayed rig or an unusually large gap (over 1") between your mast and collar, please purchase the large kit.

Spreader Boots

Durable vinyl spreader boots available for both round and flat spreaders. Easily installed with rigging tape (see below).

Leather spreader kits from Edson Marine include two pre-punched Dove Gray Leather Spreader Boot Covers, heavy waxed polyester thread for lacing, hand-stitching needle, and instructions.

Part No.	Description	Price
SBFS	Small Spreader Boot for Flat Spreaders (pr.) 1-1/2" to 1/2"	22.78
SBFM	Med. Spreader Boot for Flat Spreaders (pr.) 2-1/4" X 11/16"	19.47
SBFL	Large Spreader Boot for Flat Spreaders (pr.) 3-1/4" X 1"	33.29
SBRS	Small Spreader Boot for Round Spreaders (pr.) To 1/8" Wire	16.00
SBRM	Med. Spreader Boot for Round Spreaders (pr.) To 3/16" Wire	18.00
SBRL	Large Spreader Boot for Round Spreaders (pr.) To 1/4" Wire	22.00
ED1401-1	Edson Leather Spreader Boot Kit for 1" Spreaders (pr.)	69.00
ED1401-3	Edson Leather Spreader Boot Kit for 3" Spreaders (pr.)	100.00

Rigging and Mast Boot Tape

Good rigging tape should bond only to itself - not the items being covered - be puncture resistant, and stand up well to the harsh marine environment. We stock rigging tape from both Johnson Marine and NAVTEC.

Part No.	Description	Price
RIGT	Rubbaweld® Rigging Tape, White: 1" x 15' roll	20.00
RIGTB	Rubbaweld® Rigging Tape, Black: 1" x 15' roll	20.00
MASTT100	Rubbaweld® Mast Boot Tape, White: 4" x 10'	46.00

Seizing Wire - Type 302/304

Used for applications such as fixing spreader ends to shrouds, and locking shackle pins.

Part No.	Description	Price
LOOSSLWQ032	Seizing Wire, SS, .032" Dia. x 91'	21.69
LOOSSLWQ041	Seizing Wire, SS, .041" Dia. x 55'	19.68
WSEIZ02	Seizing Wire, SS, 1/16" 1x7, per foot	0.38
