PRIORITIES

>> Kids and adults have the same problem—setting priorities. Sometimes we wind up doing what is urgent or quick and skip doing what was really important. Let's take a look at a passage and see how a woman's priority was different from God's priority. Read **1 Kings 17:7-16**.

1. What was the widow's priority?
2. What was God's priority?
3. What happened when the woman followed God's priority?
4. What might happen in your life if you changed some priorities to reflect God's priorities?
5. How is Jesus the best role model for setting priorities?

>> Ecclesiastes 3:1-8 reminds us that there is a time for everything. Time affects what we get done. What would you do if you had three extra hours each day?
