

Sunny Disposition

Design courtesy of Bisque Imports

This simply elegant project will put a smile on anyone's face! For a perfect finish, slump it into the Hot Glass Shell Mold (SM9290).

MATERIALS

GBC10-100 10" Circle Clear
GBITS110.8 Medium Amber Translucent Bits
GBITS171 Orange Bits
GBITS267-72 Sunflower Bits
GBLOC267-72 Sunflower Blocks
GBLOC2702 Orange Opal Opaque Blocks
GP110.2 Pale Amber Bits

TOOLS

ST340 Running Pliers
ST352 Pistol Grip Glass Cutter
ST356 Wheel Mosaic Cutter
ST540 Thinfire Paper
Cotton Swabs
Elmer's Gel Glue
Paper
Scissors
Sharpie

INSTRUCTIONS

1. Begin by sketching out your gently sloping petal shape onto a piece of paper. Cut it out, and rotate around your 10" Round Clear Blank to decide how many you should cut out of your Sunflower Blocks. (We used around twenty.)
2. Once you have your petal template and how many you need, trace the template onto your Glass Blocks. Tip : If tracing side by side, it may be easier to cut the blocks into strips as wide as the widest section of the petal, then gently curve the corners.
3. Score and break the correct number of petals. Arrange around your blank, adjusting as needed. Secure with glue.
4. Arrange a layer of Orange Bits just inside the petals. Secure with glue. Follow up with Sunflower bits, and finish with Medium Amber.
5. Finish the center of your flower with a Pale Amber Bit.
6. Let Dry. Contour fuse using the 6 segment program provided.
