Installation Guide

PRODUCT #: CNECHO
ITEM: Echo Footspa from Continuum Footspas

BRAND:
Continuum Footspas

SOURCE FOR PURCHASE:
SpaEquip Inc.
211 Wappo Ave
Calistoga, CA 94515 USA
(707) 737-1100
www.spaequip.com

FEATURES:
Separate your salon from the competition with a truly gorgeous top of the line pedicure spa at an affordable price, the dramatic look of this pedicure spa will add a feel of refined elegance to any decor. Turn a pedicure into a full spa experience with a rolling and kneading Shiatsu massage built right into the chair. The durable pearlescent basin is chemical resistant and features an integrated river stone textured bottom. One powerful jet fans out to create an invigorating whirlpool foot massage. Sanitation is quick and easy with No-Pipe™ technology. A solid steel frame provides support to the entire chair, including the basin to prevent unwanted cracking. Echoing its older brother the Maestro, the look is stunning with a sweep of real cherry wood veneer protected by multiple coats of an industrial grade, chemical-resistant finish. Both client and technician enjoy maximum comfort with a center leg support and contoured foot rests that position the client perfectly. This unit is eco-friendly, using less than four gallons of water per use. In addition to the colors shown here, the upholstery is available in dozens of custom colors - please call us for details. The Echo is made in the USA with over 85% of the parts sourced from US companies - many in Wisconsin, the state of manufacture. It comes with an easy to understand "No Nonsense" limited warranty that includes one year on parts and labor. Oversized item - ships by Truck.

SPECIFICATIONS:
Dimensions: 61.71" L (157cm) x 29.5" W (75cm) x 52.5" H (133cm); From Floor to Seat: 24" (61cm)

Certifications: UL, cUL
Country of Origin: United States
Installed By: Client's Contractor
Specifications

Dimensions: 61.71” L (157 cm) x 29.5” W (75 cm) x 52.5” H (133 cm)
From Floor to Seat: 24” (61 cm)
Shipping Dimensions (Carton Size): 75.0” L (190 cm) x 40.0” W (102 cm) x 44” H (112 cm)
Net Weight: 192 lbs (75 kg)
Shipping Weight without accessories: 310 lbs (141 kg)
Shipping Weight with accessories: 366 lbs (166 kg)
Client Weight Capacity: 350 lbs (160 kg)
Basin Capacity: 3.75 US Gallons (14.2 liters)

Power Requirements: 120V AC, 15 Amp, 60HZ. A separate and dedicated 15 Amp GFCI protected circuit MUST be used for each Echo Pedicure Chair.

Construction: Welded steel frame with veneered wood panels. ABS cover panels.
Basin: Highly chemical resistant ABS Plastic, pre-plumbed.

IMPORTANT: The Echo Pedicure Chair MUST be installed by a licensed electrician and a licensed plumber in accordance with all national, state and local codes/regulations.

PLUMBING

Incoming: Hot/Cold supply lines required (1/2” ID). Connections located on back of spa.
Sprayer/Filler: Inline back-flow prevention is provided.
Discharge: Gravity drain or optional factory installed drain pump. If factory installed drain pump is utilized, built-in back flow prevention is provided.

NOTE: If through floor installation is desired, refer to Plumbing Rough-in drawing (available at ContinuumFootspas.com). See Owners Manual for complete installation instructions.

Massage: Rolling and kneading Shiatsu back massage, built-in, commercial grade. Massage glides on vertical track or targets specific areas of the back. Controlled by durable hand held control wand.

Controls:
Right Side: Handheld Control Wand for Shiatsu rolling/kneading massage.
All Controls are low voltage (12V)

Certification: Underwriters Laboratories Listed Compliance Listings to the following Standards:
UL 1951, CAN/CSA C22.2 No. 68-92,
ANSI/ASME A112.18.3M, A112.19.7M, A112.18.1, CSA B125.1.2005
Compliant with IAPMO Plumbing Standards. Fixtures and hoses are UPC compliant.
Compliant and approved in the State of Massachusetts.

Limited Warranty: Jet: Dual Jet Stream No Pipe™ Jet - twenty four (24) months from shipment from Continuum Footspas facility.
Other components/parts - Twelve (12) months from shipment from Continuum Footspas facility.
Labor: Twelve (12) months labor may be covered under this Limited Warranty.

*See Limited Warranty for complete details

ACCESSORIES:
Technician’s chair: Base: 24” diameter (61 cm) Height range: (excluding cushion) 13.5” to 16” (34 cm to 41 cm) Net weight: 15 lbs (6.80 kg)
Shipping Dimensions: 30” W (76 cm) x 24” L (61 cm) x 12” H (31 cm) Shipping Weight: 23 lbs (11 kg)

Accessory Cart: 25” L (64 cm) x 18” W (46 cm) x 23” H (58 cm) Net Weight: 33 lbs (14.9 kg)
Shipping Dimensions: 30” W (76 cm) x 24” L (61 cm) x 12” H (31 cm) Shipping Weight: 35 lbs (16 kg)

Note: Due to continuous improvements, all specifications are subject to change without notice. All dimensions and weights are approximate.
INSTALLATION AND ROUGH-IN INFORMATION

IMPORTANT - This sheet MUST accompany each installation drawing

IMPORTANT: The Echo Pedicure Chair MUST be installed by a licensed electrician and a licensed plumber in accordance with all national, state and local codes/regulations.

- Upper dimensions are in inches, lower dimensions [ ] are in centimeters.
- For two or more units, refer to “Multiple Side X Side - Drawing #2 for reference dimensions.
- If utilizing an accessory cart and/or manicure trays an additional ten (10) inches (25.4 cm) between each unit is recommended (carts may be shared to save space).
- Depending on the use of Manicure Trays, the exact distance between pedicure chairs will vary. This must be discussed prior to installation to ensure adequate working space. Both the Echo and Maestro are equipped with standard cup holders. Right side manicure tray may have a built-in cup holder. Please contact Continuum Footspas if additional information is required.
- Electrical Requirements: One (1) dedicated 15 amp, GFCI protected wall outlet/circuit per unit located within two (2) feet of the rear of the Pedicure Chair. (Actual draw is 5 amps) Each Pedicure Chair will be supplied with a standard five (5) foot grounded power cord. If utilizing an in-floor electrical box (EB), position box underneath curved plastic shrouds centered between H/C water in-lets.
- Water Supply: One (1) each 1/2” hot and cold water supply. Location shut-offs on the wall behind the Pedicure Chair (suggested range 4” to 12” apart on center, 4” to 8” A.F.F. (above finished floor) or may be roughed in through the floor as noted on Drawing #4 and/or #5.. Provide 1/2” shut off valves and 1/2” MPT connections.
- Installation of optional drain pump MUST be noted on original customer order. Drain pump MUST be factory installed.
- If wall drain is utilized, 3/4” ID MPT should be installed. Suggested location is centered between Hot and Cold water supply inlets, 4” to 8” A.F.F. Use 3/4” ID hose to connect Pedicure Chair to wall drain.

SPECIAL INFORMATION REGARDING GRAVITY DRAIN INSTALLATIONS

- Always check with local plumbing inspectors for possible special requirements pertaining to Pedicure Chairs.
- Gravity drain is always preferred. If drain pump is NOT required, unit should be ordered WITHOUT drain pump.
- For gravity drain installations, refer to Plumbing Rough-In Drawing #4 and/or #5. If an air gap is required, also refer to Drawing #6.
- Gravity drain: Basin outlet is 1-1/2” female PVC. Rough-in: 3” minimum Hub Drain, 2” A.F.F.
- When utilizing Standard Through Floor Installation, (new construction or remodeling) it is STRONGLY recommended that both Hot and Cold supply lines be located in the back portion of the spa as noted on Drawing #4. Electrical box may be centered between supply lines. Attempting to bring up supply lines in the front near the hub drain is NOT recommended and is extremely difficult due to space constraints.
- When replacing existing pedicure chairs, if additional floor space beneath the pedicure chair needs to be covered, (i.e. to conceal plumbing) one may widen the distance between the two (2) curved, black plastic shrouds. (Please see Owner’s Manual for more details).
CAUTION - EXTREMELY IMPORTANT
